### **Project Description: MAINTENANCE, Rotomill & Overlay**

This is a pavement rehabilitation project. The existing pavement will be milled down and a new asphalt surface will be placed. No new curb, gutter or sidewalk will be replaced as part of this project.

### **Anticipated Schedule:**

This project is currently out for bid and should be under construction by late spring or early summer of 2007.

**A Public Information Manager** will be assigned to this project to keep local residents, businesses and commuters informed of construction impacts.

NOTE: Schedule information listed above is estimated and could change without notice based on funding, scheduling constraints, stakeholder issues, and other unanticipated project elements.
